Trout Stalker

New Zealand fly fishing, with its pristine clear waters, is all about spotting and stalking your fish before enticing it with a dry fly or nymph. Experience the famous fisheries of the Rotorua and Tongariro regions. These are destinations with a wide variety of activities for non-fishing companions; everything from thermal spa treatments to hiking and biking and scenic flights. The guides are some of the best in the country and will make a huge difference to your experience. They are patient, informative about the environment, expert in techniques to suit the fishery and very used to working both with beginners and experienced clients.
